

ALPHA WAVE NARROWBAND RADIO MODEMS WIRELESS SOLUTIONS

Antenna 902-960 MHz, TNC

[p/n 30-597114-01]

Light and portable right angle $\frac{1}{2}$ wave flexible antenna, provides 2.5dB gain over standard $\frac{1}{4}$ wave antennas. Textured finish with adjustable 0-90 degree elbow. Allows for 360 degree movement

This antenna type is suitable for AW900 radio modem.

Antenna 902-960 MHz, TNC

[30-597114-01]

Electrical	
Frequency	902-960MHz
Gain	2.5 dB
VSWR	1.5:1 max at resonance
Rating	50 watts, 50 ohms impedance
Polarization	Vertical
Mechanical	
Temperature Range	-40°C to +85°C
Connector	TNC, male
Length	7.5"
Compatibility	AW900
